O Gauge Marklin Schools Class 4-4-0 "Merchant Taylors" no. 910 engine - restoration by Simon Greenwood

- Repaired damaged plating to smoke box & boiler. Filled in missing black paint to smoke box and added "aging"
- Colour matched the paint and sensitively touched up various paint chips as necessary, keeping the engine as original as possible

- Touched up lining on boiler bands & cylinder covers, as appropriate, as a little worn
- Fabricated and fitted missing cab control knob to match existing one
